Understanding and Sharing Your Data

April 19, 2022

OMNI Introduction

Agenda

Topics to be covered in the next hour

1. Introductions and Guidelines
2. SOR Data Sources & Reports Overview
3. Tips on Using & Sharing Your Data
4. Community Spotlights
5. Group Discussion
6. Updates/Wrap-up

Forum Guidelines

To help today's session run smoother

Mute

Please stay muted unless speaking to improve sound quality for other respondents

Video

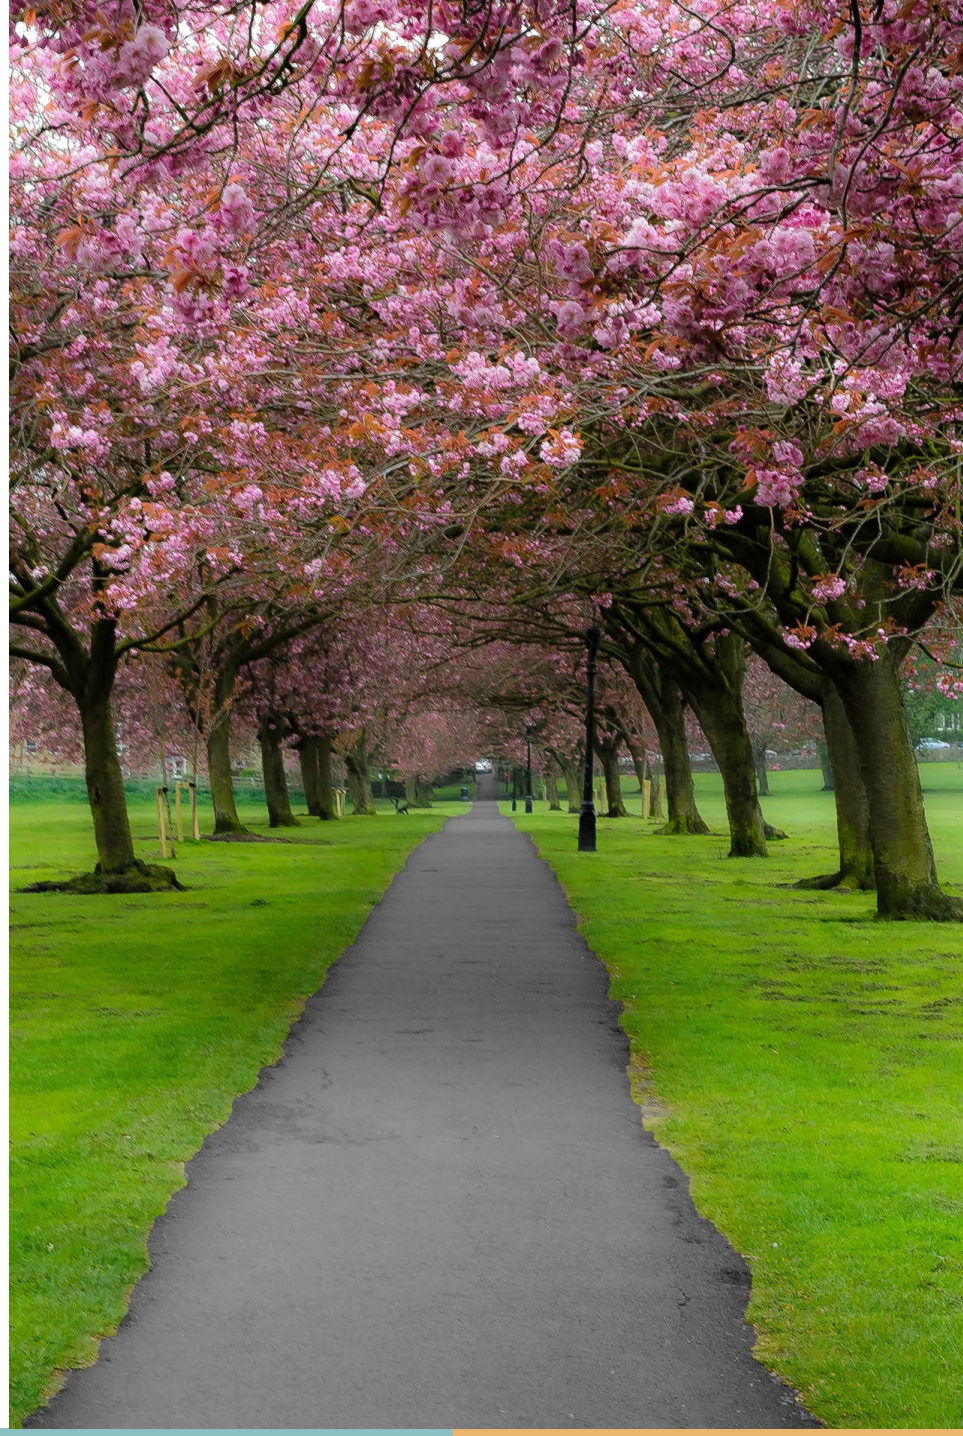
If able and comfortable, please use video to help foster connection and greater communication

Recording

Will be recording the session to help us share out the discussion later

Captioning

Now available as an option



Forum Guidelines

To help today's session run smoother

Speaking Up

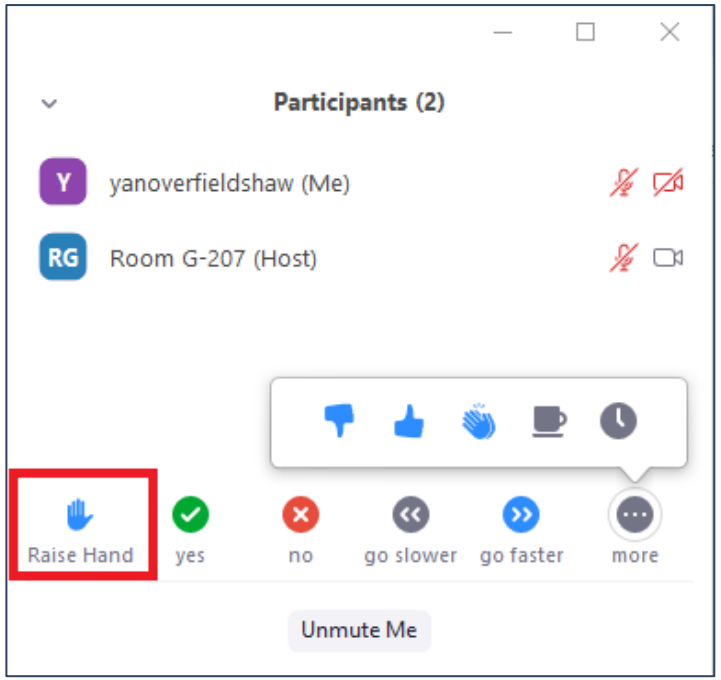
Use the Raise Hand icon if you would like to comment or ask a question of the larger group

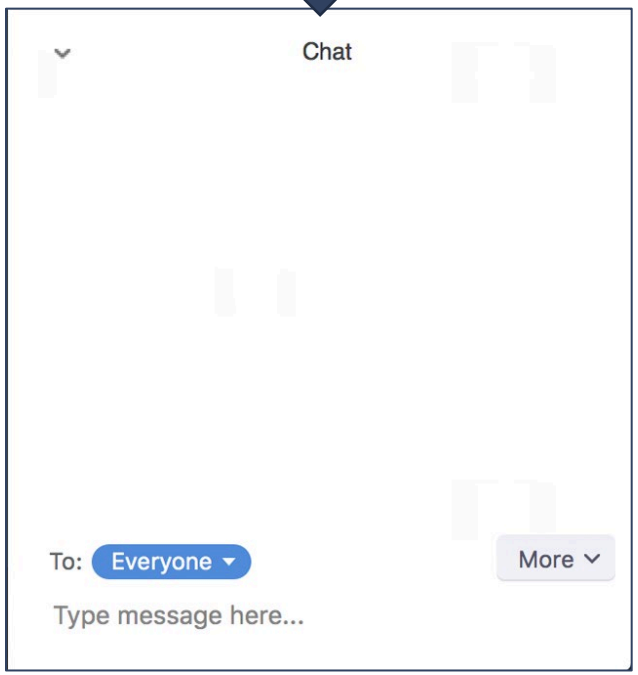
Chat Box

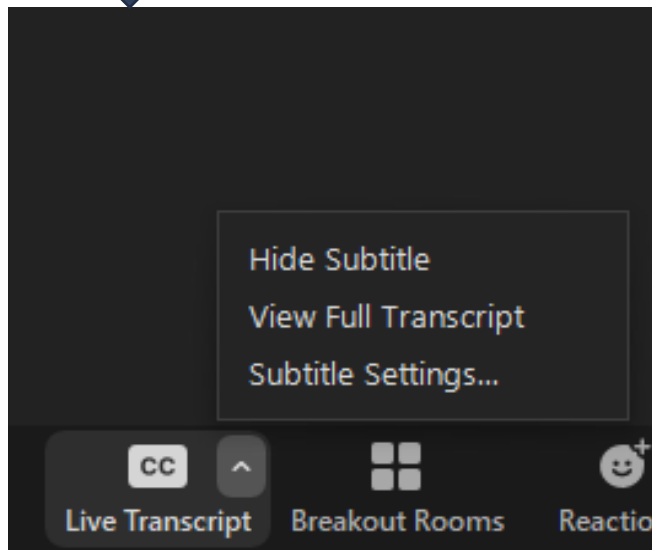
Utilize the chat box for questions, suggestions/tips or comments; be sure to keep it open

Live Transcript

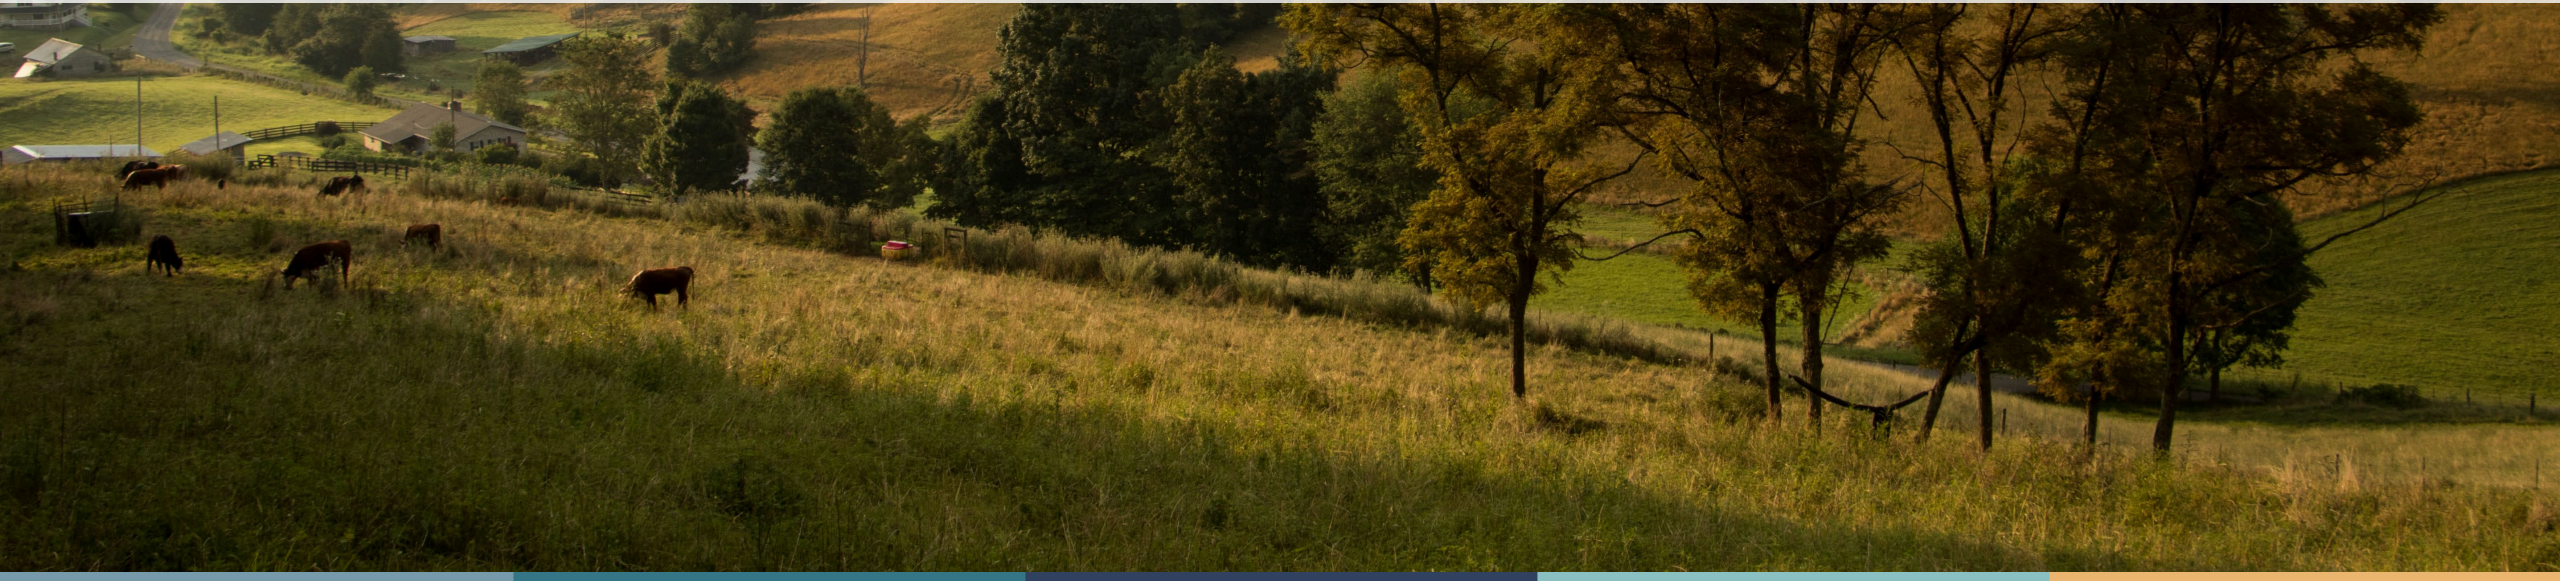
View subtitle captions or view full transcript as it occurs

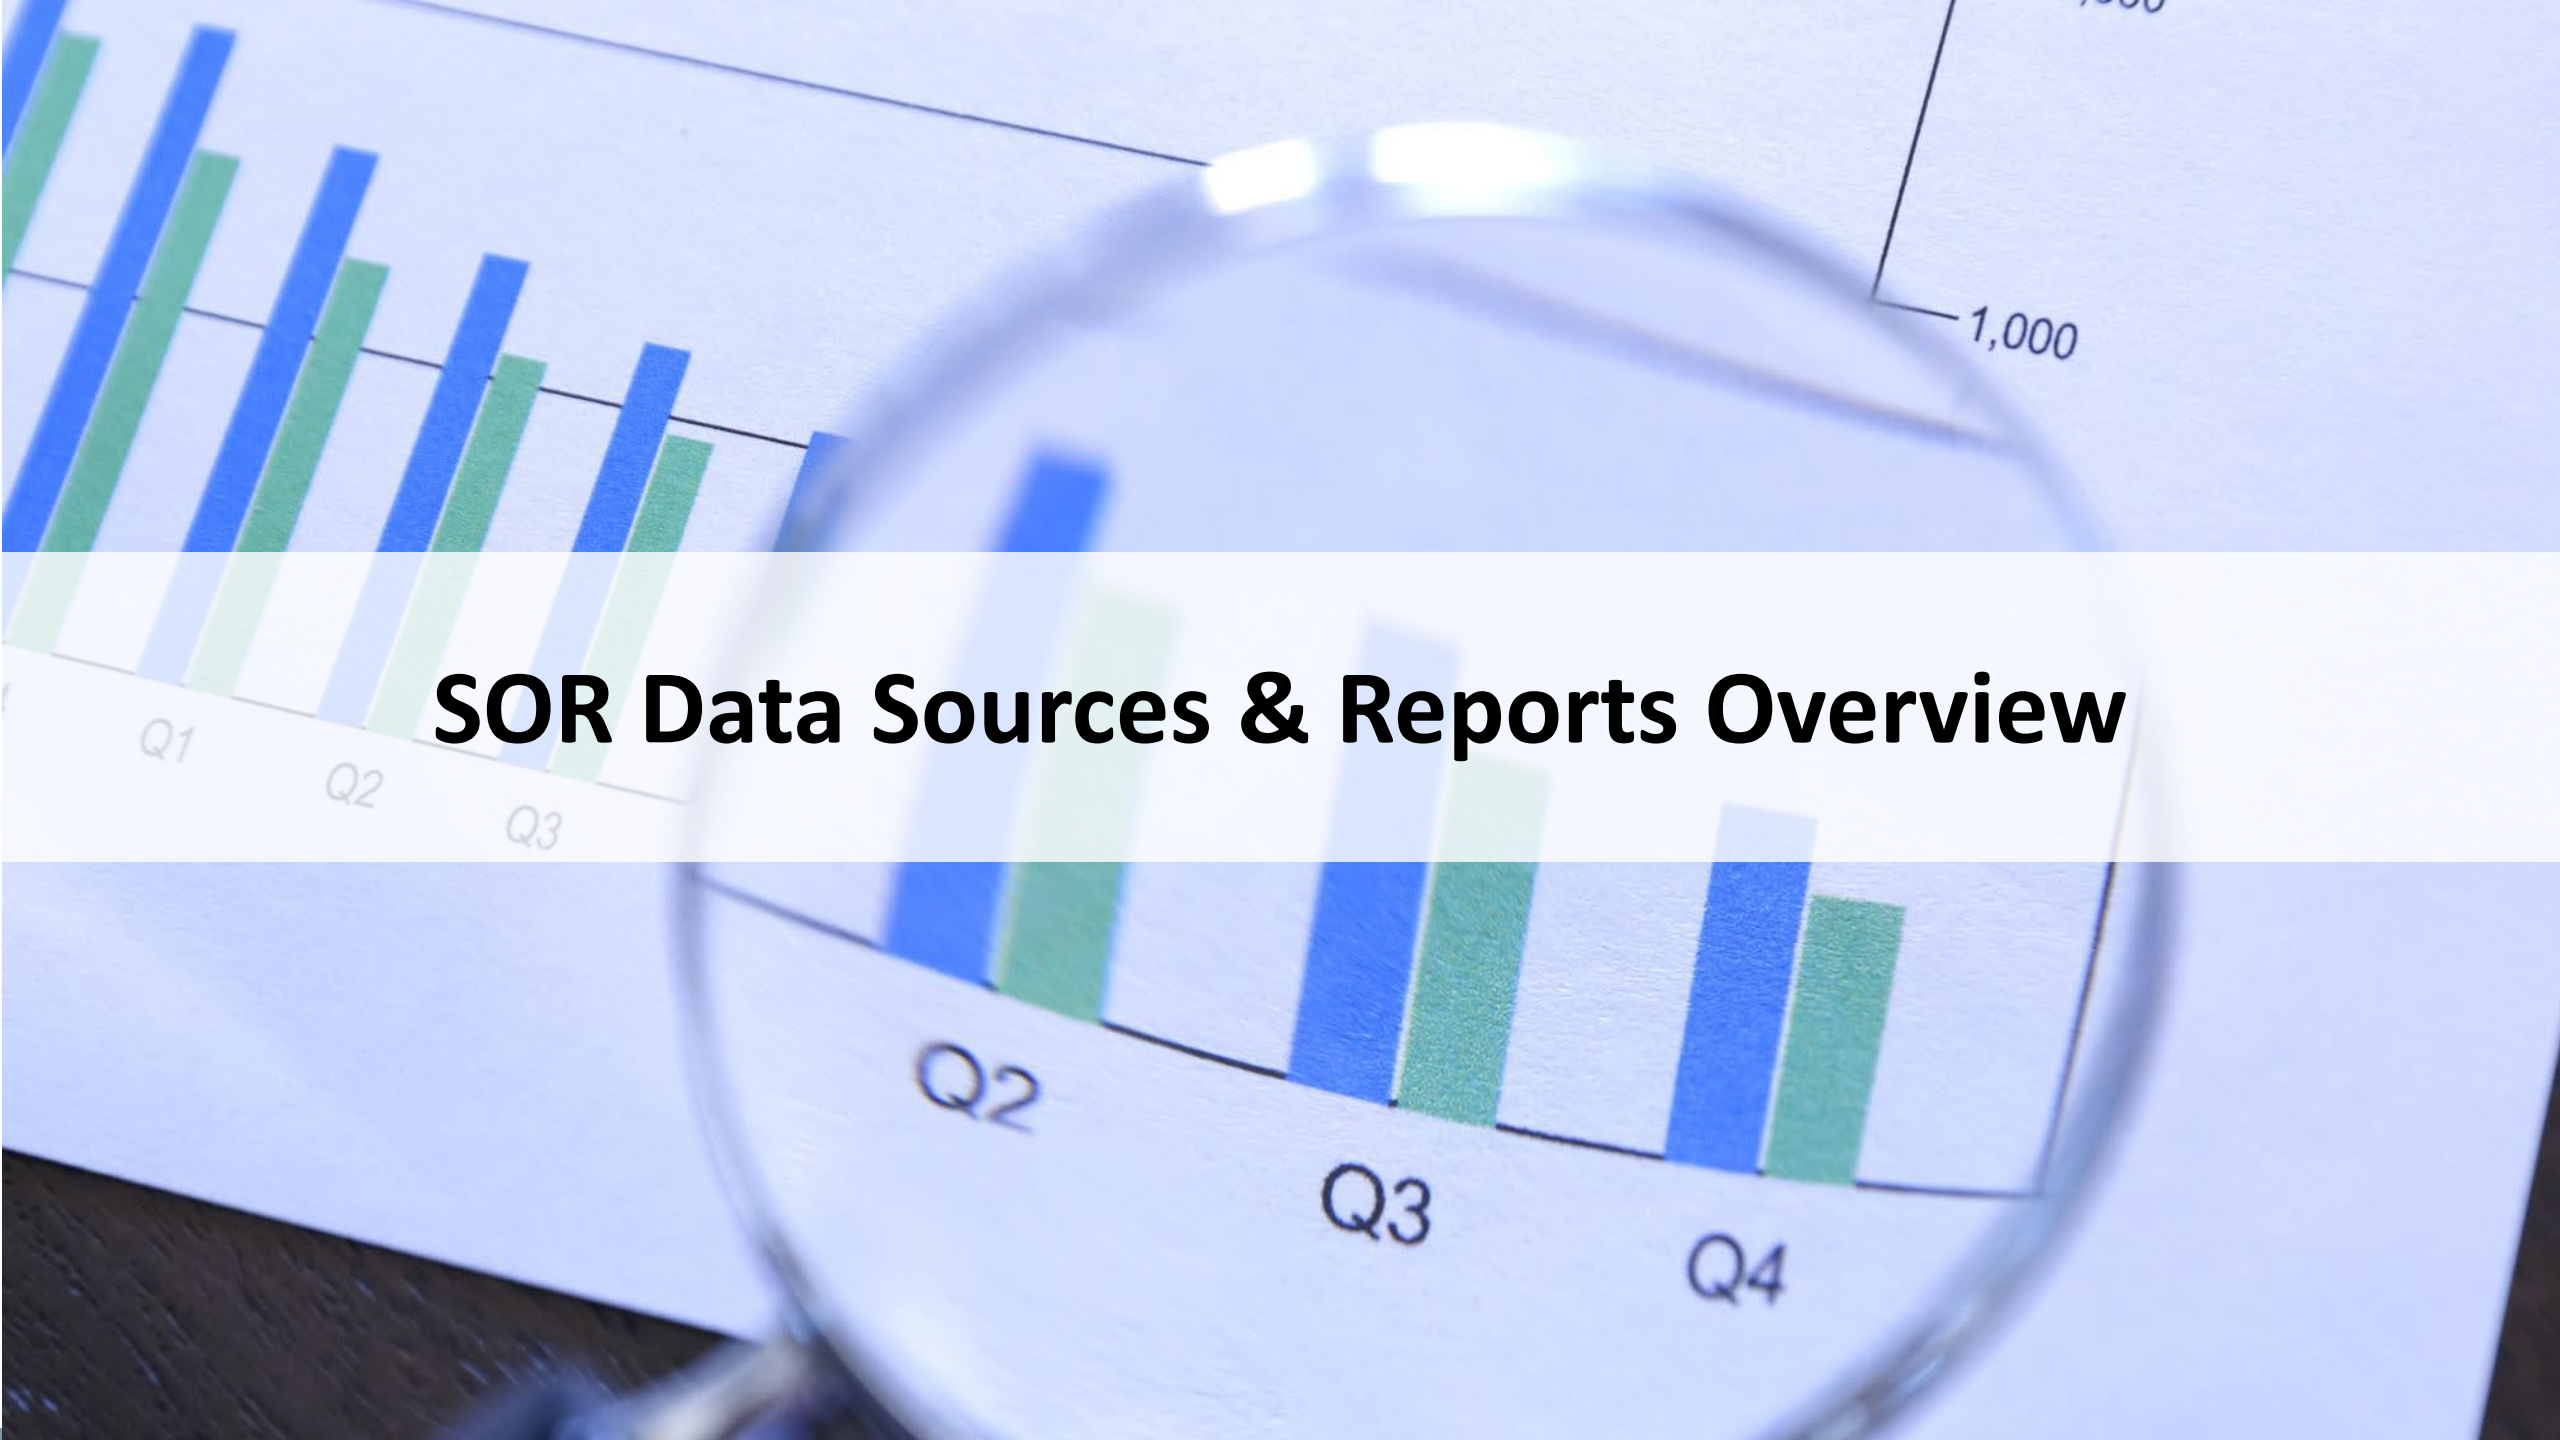






DBHDS Updates



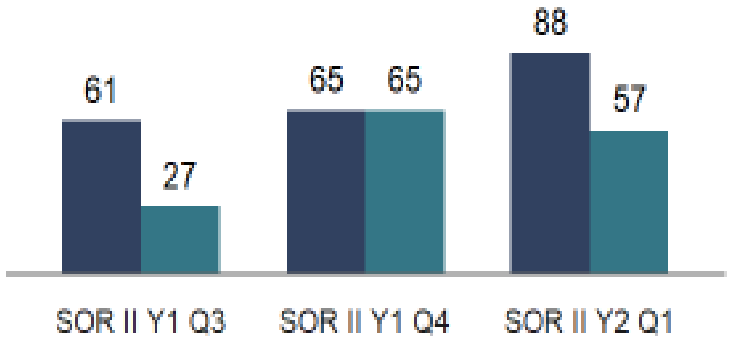


SOR Data Sources & Reports Overview

Quarterly Reports

- Found in agency Dropbox folder
- Compilation of data submitted from quarterly surveys
- Shows trends over time

Total number of clients receiving any SOR-funded **treatment services** and the total number of clients receiving SOR-funded **medication-assisted treatment (MAT)** in the past 3 quarters.



Annual SOR Reports

- Found in your agency's dropbox folder and SOR Support website

CSB Level Report

Includes GPRA data for SOR I and II

- Demographics
- Substance Use History and Diagnosis
- Factors Affecting Treatment
- Treatment Outcomes

Virginia State Opioid Response Grant Annual Report 2020-2021

- Prescriber Availability and Behavior
- MAT and Complementary Services
- Client Characteristics
- Client Outcomes

GPRA Data

GPRA Raw Datasets

- Can be requested from OMNI
- Includes all GPRA data from SOR I thru today
- Rich dataset with lots of client info
- Can be used for additional analysis and change over time

BARC-10

- Measure of recovery capital
- Change over time from intake to follow up/discharge
- Score calculated and emailed after GPRA submitted

VASIS Dashboard Data

Track trends at the CSB, locality, or state levels.

Identify problems or emerging issues. For example, an increase in substance use or overdose deaths.

Make comparisons with other CSBs and other localities.

Access CSB or locality Community Level Reports.

Tips on Using & Sharing Data

Your data is the foundation of all kinds of great stories you can share…

- What is your story and how should you tell it?
- Who do you want to tell about it?

- Know your audience
- Identify and target their priorities and interests
- Understand what you want from them in return

Techniques of Data Sharing

Fact-based: appealing to reason

Emotion-based: appealing to emotion via analogies, narratives, anecdotes, stories

Positive outcomes: results of your work

Growth Areas: highlight new program area needs

Why Using & Sharing Data Helps You

Data Cultivates Sustainability

- Demonstrates outcomes to funders and staff
- Builds community support for your work
- Shows progress towards meeting goals
- Illustrates both the needs and successes in the community
- Supports strengthening of agency programming
- Identifies areas for course corrections in programming

CSB/Agency Community Spotlights

Spotlight #1: Norfolk CSB

THE CITY OF NORFOLK
COMMUNITY SERVICES BOARD

- Norfolk reviews and shares each OMNI quarterly treatment report with agency administration and SOR staff.
- Jacqueline and Molly will share some details with our group on why they do this and what they find useful about it.

Spotlight #2: RBHA

RBHA RICHMOND BEHAVIORAL HEALTH AUTHORITY

- Richmond uses OMNI produced-reports internally and externally
- Richmond has requested and used raw GPRA to share information in various ways

Group Discussion

Group Discussion

Using and Sharing Data

1. What are some ways you already use or share GPRA data or reports?
2. Do you pair GPRA or SOR data with other data sources for particular purposes?
3. What challenges or barriers do you have in sharing your data?

Wrap Up
